A Brief History of Van Otis Chocolates

In 1935, after completing a Fanny Farmer candy-making course, Evangeline Hasiotis opened a small candy store in Manchester, NH, in the same building as her family's apartment. From modest beginnings, her business thrived, and she bought a building, expanded the business, and named the business "Van Otis" in 1958 (a derivation of her given name). A year later, Van created the now-legendary Van Otis Swiss Fudge, a product which is often imitated, but never duplicated.

Evangeline passed away in 1995, but her legacy lives on in the products we make every day in our production and retail facility, located right here in Manchester. For over 85 years, we have been locally owned and operated, and are proud to have been named New Hampshire's Best Chocolatier 20 times (and counting). We are honored to have been part of your traditions for so long, and we will continue to work hard to earn your business!
